

Clark Wang

clwang@berkeley.edu / 732-829-8720 / clarkwang.me / github.com/clrkwnng

Education

UC Berkeley

Berkeley, CA

Major: Computer Science + Data Science | **GPA:** 3.89

Expected May 2021

Relevant Coursework: Efficient Algorithms/Intractable Problems (current), Machine Structures (current), Data Structures, Structure/Interpretation of Computer Programs, Discrete Math/Prob. Theory, LinAlg/DiffEq, MV Calc

Work Experience

Sutardja Center for Entrepreneurship & Technology Data-X Lab

Berkeley, CA

Undergraduate Research Intern

February 2019 - Present

- Designed Google Scripts data pipeline to gauge innovation / classify data for Berkeley Innovation Index
- Created and pitched new ML curriculum for high schoolers to Find Solution AI in Hong Kong
- Developing ML curriculum to be compiled and published as high level curriculum for non-technical market
- Currently working with Honda on ParkSmart street parking guidance to predict parking locations

DefinedLogic LLC

Red Bank, NJ

Software Engineer Intern

September 2017 - January 2018

- Worked to develop needed tools for highly agile software development consultancy
- Created and pushed fully functional modal and carousel bootstrap elements to DefinedLogic homepage
- Developed MacOS application to remind and update HR on important contractor information
- Helped reduce time and money spent by HR to deal with expiring contractor licenses

Monmouth University Summer Research Program

West Long Branch, NJ

Summer Research Intern

May 2017 - August 2017

- Conducted research on healthier and more effective usage of technology for children
- Worked on full stack, developed Planbook web-app that incentivizes children to accomplish goals
- Presented findings at Monmouth University Research Showcase and rolled app out to 40+ families

Skills

Programming Languages: Java, Python, C, Swift

Data Analysis: Pandas, Seaborn, Jupyter Notebook, MySQL

Web Development: HTML, CSS, JavaScript, Bootstrap, PHP

Additional Software: AutoCAD, Adobe Photoshop, Adobe Flash

Major Projects/Achievements

Planbook - Novel web-app for children to manage time, set and achieve goals with parent-set incentives

Contractor Management App - MacOS application to store, manage, and update expiring contractor licenses

Kickstarter Campaign Success - Analyzed and identified features that lead to Kickstarter campaign success

Spotify Recommender - Program that recommends playlist for you based on features of songs you like

Double Piazza - Web-app that scrapes question database to provide answers to already answered questions

Leadership

Computer Science Mentors Berkeley

Berkeley, CA

CSM Mentor

January 2019 - Current

- Personally tutored group of CS88, CS61B students through concept-check lectures and practice problems
- Met weekly with family of mentors and discussed effective methodology for teaching new concepts

Entrepreneurs @ Berkeley

Berkeley, CA

Tech Committee

September 2018 - May 2019

- Took charge in redesigning and implementing the new E@B website (<https://entrepreneurs.berkeley.edu>)
- Mentor student teams to conduct market research, create product, and ultimately demo to VCs for funding
- Reach out to professors and leaders in industry for professional advice on behalf of teams

Monmouth Youth Communication Club

Marlboro, NJ

Founder and President

January 2017 - August 2018

- Founded 501c3 NPO with mission to create and foster healthy and safe tech environment for all children
- Hosted seminars, taught classes (coding, math, reading, public speaking), fundraised for the community
